

THE WORLD OVER

WARNS CLOSING OF CANAL WOULD LEAD TO WAR

ROME.—A warning to Great Britain that closing of the Suez canal would lead to certain war with Italy was sounded last week by Virginio Gayda, editor of Giornale d'Italia.

WILLINGTON ENDS SERVICE

LONDON.—The Earl of Willington landed at Tilbury this morning from India, where he relinquished the office of viceroy April 18, completing 23 years of almost uninterrupted service to the Crown.

130-YEAR-OLD INDIAN DIES

The death occurred at Carmichael last week of an Indian who may have been the oldest man in Canada. Pe-O-Kis or Pocous, who claimed to have lived 130 years and who had been a chief by pioneers had seen the passage of 120 years. He was a well-known character of the Carmichael district and in his younger days was known as a noted buffalo hunter and guide.

WHEN THERE IS NO NEWS

A thro of sympathy was roused in newspaper offices from coast to coast by a mournful wait from the Nantucket Inquirer, which lamented the lack of news in the district.

The Nantucket paper says: "There has not been a fire, there has not been a bank robbery, there have been no births, there have been no marriages, there has not been a runaway horse, there has not been a railroad accident, there has not been a shipwreck."

"There has not been a murder, no one has fallen overboard, no one has fallen from a roof, no one has been suspicious-looking persons have been hanging around, no airplanes have crashed, there has not been a hold-up, no man has run away with another man's wife, no one has absconded with another person's money."

"As a matter of fact, there has not even been a real good dog fight to live up Main Street."

Every weekly paper is from time to time a victim of this lapse of news, and no little can be done about it. The newspaper does not make the news, it merely recounts what happens. And in this recording it must have the interest and life of the readers.

It is a commonplace experience—it must be—for readers to say "there's nothing in the paper this week." Perhaps there would be more news if all subscribers thought of the paper as theirs, and remembered to pass on any little item of which they are aware.

Perhaps it is literally true that there are periods in a community, when nothing of an eventful nature is happening. At any rate when readers say "there's nothing in the paper this week" they may rest assured that the newspaper office knows it, and has suffered grievously over the reluctance of the community to make news."

S. N. WRIGHT TAKES OVER IMPERIAL OIL AGENCY HERE

Commencing May 1st, Mr. S. N. Wright has been appointed agent for the Imperial Oil products for Carbon district. Mr. Wright also handles the International Harvester Company line of Machinery and will operate both agencies from the present office.

LONG YEARS AGO

May 12, 1921

Quite a number of local Baseball Buses were out for practice last Sunday.

All hail to the new Council. At last we are beginning to see the results of their four months in office. The Carbon Main street is getting a spring overhaul.

Welcome to the new Tailor. His name is Anderson and we hope that he will find lots of business in our progressive little burg.

You have to hand it to Vin Castiglione. He has all his farming done and has taken up his residence here again.

Carbon had a live Board of Trade in 1921.

Mr. Clarence Hay is home from Calgary and has accepted a position in the Drug Store.

Dr. and Mrs. McFarlane left for the East last week.

ONE CENT MEANS \$100,000

Going a little further in the Alberta debt situation, it might be interesting to quote a few problematical questions. Alberta produces on the round average about one hundred million bushels of wheat annually. Every cent advance in the price of wheat means a million dollars to this province. With dollar wheat Alberta's financial problem would be practically solved. But every cent of reduction in the price of wheat the financial situation attains a darker significance.—Clareholin Local Press.

CORRECTION

In our last issue a mistake was made in "Farewell" written by R. Hamilton. The first line should have read: "It is not without a sting of regret that I inform you that I am leaving your pleasant little village of Carbon."

FOUND LAW NOW IN EFFECT

Now that the garden days have commenced property owners are beginning to wonder what to do about the stray cows and other animals that are running at large about the Village. Owners of these animals are reminded that the pound law is still in effect in Carbon and with complaints being received from home owners of damage being done the authorities will have to enforce the laws and impound all stray animals. Owners of straying animals are requested to take this as a warning and act accordingly.

Carbon to Have A New Baker

Mr. Mathers and Son, who have successfully operated a bakery for the last ten years at Trochu, have decided to move to Carbon, having rented the Carbon Bakery from C. H. Nash. The building has been re-decorated inside and outside and is now ready. Mathers will operate a first class bakery.

The new proprietor would have started immediately, only recently he met with an accident, delaying his arrival until May 15th.

We wish the new baker every success in his new venture and it is to be hoped that he will receive the patronage of the town and district.

STANDARD WAGES TO BE PAID MEN WHO GO TO THE RAILWAYS THIS SUMMER

OTTAWA—Full wages of single unemployed men now in the relief camps will be paid by the federal government when they are placed at work on railways during the summer. Hon. C. D. Howe, Minister of Railways, told the House of Commons on Monday night.

The men will receive the standard wages for the class of work on which they are employed and the railways will finance the supervision and supplies necessary for the work.

ITALY CONQUERS ADDIS ABABA

The Italian tri-color fluttered from the Palace of Emperor Haile Selassie in half-raised Adis Ababa Tuesday and Premier Mussolini, in a voice trembling with emotion, announced in Rome that peace had come.

A dusty, motorized column of Pasdars trooped clattered into the Ethiopian capital on Tuesday afternoon to end the trail of conquest they began to hew seven months ago.

OTHER INTERESTS WANT TO DEVELOP TAR SAND AREA

EDMONTON — In addition to the Mac Ball interests of Denver, Col., who are starting erection this year of a large plant to develop the Port McMurray tar sands, two other concerns have approached him with a view to further development. Hon. C. C. Ross, Minister of Mines, declared on Tuesday.

Mr. Newby proudly placed the turkey on the dining table. "There you are, my dear. My first turkey!" she exclaimed.

Mr. Newby gazed in admiration at the bird's shape. "Wonderful, darling!" he said. "How beautiful you have stuffed it."

"Stuffed?" she exclaimed. "But my dear, this one wasn't hollow."

"I see by this paper that in some sections of the east a wife can be bought for \$5. Isn't that awful?" "Well, I don't know. A good wife might be worth that."

A young man at the seaside boarding house had been banging the piano and disturbing everybody. "I've tried every key," he said proudly. "Now try this one," said the landlady, grimly. "It locks the piano."

The colored minister was describing the "bad place" to a congregation of awed listeners. "Friends," he said, "you has seen melted iron runnin' out of a furnace, has you? It is white hot, sizzling and hiss'n'. Well, they used to stuff for ice cream in the place 'till you about."

I have often heard you say how successful

of the business."

JOHN SR.: "Thank you, son, but we don't
deserve all the credit. In 1900 when we had
only a homestead and preemption, with stock
and barn, and had to haul water five miles
and drive 20 miles to market, the Bank of
Montreal made me the seasonal loans I
needed to carry on. In five years we had
clear title to the 320 acres and three years

later owned 640, with good buildings and
equipment. The bank kept on lending for
harvesting and feeding, because I carried out
my contracts and kept my credit good. You
remember, son, we sold out in 1919 for—
cash, and were able to retire. You were lucky
to rent the old place, for it's a good one?"

JOHN JR.: "I am lucky, father, and I am try-
ing to live up to your reputation."
